Caring for Children In Camp

NCWHS is a safe and nurturing place for children.

Here are guidelines.

Thank you for reading thiemthoroughly.

- ♥ NCWHS is an adult conference with children welcome. You are responsible for your children at all times. Please don't let them be disruptive to classes and other events
- ♥ Please always know where your children are. It is tempting, we know, to let them run free in this safe environment. But for their safety and ours, please be sure you know where they are at all times
- ♥ NEVER let children be at the creek without an adult
- ♥ Please bring snacks for your child, food lines can take awhile
- ♥ Please help your child understand how to properly flush camp toilets by holding the handle down or up until the bowl is **completely** empty
- ♥ If you have a toddler toddling about without a diaper, please keep a close eye and clean up any dropping

Thank-you very much for your cooperation.

We look forward to a fun and safe weekend with the children!

Using Childcare

Childcare is a very fun and nurturing Waldorf-inspired place for potty-trained children to play and explore while Mamas, Aunties and Care-takers attend classes. It is open just during class times.

If you would like to use Childcare fill out the form below and give it to the Childcare Staff.

- ♥ Childcare is for potty trained children
- ♥ Childcare opens fifteen minutes before each class session begins, and closes fifteen minutes after each class session ends
- ♥ Sign your child in by making contact between you, your child, and one of the childcare coordinators.
Do not just drop them off without this
- ♥ When *The Fairie* is hanging over the door of the tipi, Childcare is closed
- ♥ Be sure your child understands that s/he may not wander to other parts of camp while signed into childcare. If your child wants to leave, we will come get you.
- ♥ While your child is in childcare we need to know where *you* are at all times. If you change location please let us know
- ♥ If your Community Work or Work Exchange goes beyond class times, arrange to have a friend pick up your child
- ♥ Snacks will be provided during Childcare. If your child has special diet needs please let the childcare staff know and provide appropriate snacks

♥ Please send your child to Childcare with the following items:

1. re-fillable water bottle
2. plate or bowl and cup for snacks
3. change of clothes
4. shoes or sandals

CHILD CARE

Northern California Women's Herbal Symposium

Fill this out and give it to the Childcare Staff

Please check:

_____ I have thoroughly read all of the above information about caring for children at NCWHS
